EXPORT CATALOG 2025

# ABOUT HS HERBS

HS Herbs is a leading Egyptian exporter specializing in premium herbs, spices, and seeds. We provide high-quality agricultural products sourced from the finest farms in Egypt and processed according to international export standards. Our commitment to quality, sustainability, and customer satisfaction allows us to serve clients worldwide with reliable and consistent products.

## OUR VISION

To become the most trusted name in Egyptian agricultural exports, recognized globally for our commitment to quality, sustainability, and authentic farm-to-export practices. We aim to bridge the rich heritage of Egyptian farming with the demands of modern international markets.

## OUR MISSION

To deliver premium Egyptian herbs, spices, and seeds to global markets with uncompromising quality standards. We ensure full traceability, rigorous testing, and sustainable sourcing while building lasting partnerships with importers, distributors, and food industry leaders worldwide.

## WHY CHOOSE US

### Certified Quality

ISO 9001, ISO 22000, HACCP, FDA registered and Halal certified. Every batch undergoes rigorous laboratory testing.

### Global Logistics

Reliable FOB Alexandria shipments with 14-21 day lead times. Minimum order from 5 MT with full documentation.

### Traceable Sourcing

From certified Egyptian farms in Fayoum, Aswan, and the Nile Delta directly to your facility with full COA documentation.

### Expert Support

Our dedicated export team responds within 24 hours. We provide personalized service for every client worldwide.

## Rigorous Quality Control

Every batch of our products undergoes comprehensive laboratory testing to ensure compliance with international standards. Our quality control process includes:

- Microbiological analysis
- Heavy metals testing
- Pesticide residue screening
- Moisture content verification
- Purity and authenticity checks
- Organoleptic evaluation

All products are accompanied by detailed Certificates of Analysis (COA) documenting test results and specifications.

## Our Quality Standards

### Laboratory Testing

Comprehensive testing at accredited laboratories. Every shipment includes full COA documentation.

### Full Traceability

Complete documentation from farm to shipment. Track every batch to its source.

### Climate Control

Temperature and humidity controlled storage facilities maintain product integrity.

### Sustainable Sourcing

Partnerships with certified Egyptian farms practicing sustainable agriculture.

### Contamination Prevention

Strict protocols prevent cross-contamination throughout processing and packaging.

### Fresh Inventory

Regular inventory rotation ensures freshest products with optimal shelf life.

# INTERNATIONALLY CERTIFIED

Fully compliant with global food safety and quality standards

## ISO 9001:2015

Quality Management System certification ensuring consistent quality processes.

## ISO 22000

Food Safety Management System for comprehensive food safety controls.

## HACCP

Hazard Analysis Critical Control Points for systematic food safety management.

## FDA Registered

US Food and Drug Administration registered facility for US market compliance.

## Halal Certified

Certified Halal products meeting Islamic dietary requirements for global markets.

## Our Commitment to Compliance

Every shipment from HS Herbs includes complete documentation: Certificate of Origin, Phytosanitary Certificate, Certificate of Analysis (COA), Health Certificate, and detailed product specifications. We maintain full compliance with EU, US, and international import requirements.

# PACKAGING OPTIONS

*Customized packaging solutions for every market requirement*

## PP Woven Bags

Standard polypropylene woven bags with inner liner. Available in 10kg, 20kg, 25kg, and 50kg options. Ideal for bulk shipping and warehouse storage.

## Carton Boxes

Corrugated carton boxes with food-grade inner bags. Perfect for retail distribution. Available in 5kg, 10kg, and custom sizes.

## Vacuum Sealed

Vacuum-sealed pouches for extended shelf life and freshness preservation. Ideal for premium products and overseas shipping.

## Big Bags / FIBC

Flexible Intermediate Bulk Containers for large-scale shipments. 500kg - 1000kg capacity with UN certification available.

## Private Label

Custom branding and private label services available. We can print your logo, product info, and compliance labels on all packaging types.

### All Packaging Includes:

- ✓ Food-grade materials
- ✓ Moisture barriers
- ✓ Batch/lot labeling
- ✓ Palletization

# HOW WE WORK

*From inquiry to delivery - a seamless export experience*

## 1 Inquiry

Submit your product requirements through our website, email, or phone. Our export team responds within 24 hours with product availability and preliminary quotation.

## 2 Sample & Quote

We provide product samples for quality verification. Upon approval, receive a detailed quotation including product specs, packaging options, and FOB pricing.

## 3 Order Confirmation

Confirm your order with a signed proforma invoice. Our team prepares production schedule and confirms delivery timeline based on your requirements.

## 4 Production & QC

Products are processed and packaged according to your specifications. Rigorous quality control testing is performed, with COA and inspection reports prepared.

## 5 Documentation

Complete export documentation prepared: Certificate of Origin, Phytosanitary Certificate, COA, Health Certificate, Packing List, and Commercial Invoice.

## 6 Shipment & Delivery

Container loaded at Port Alexandria. You receive Bill of Lading and tracking details. Standard lead time: 14-21 days from order confirmation to vessel departure.
